REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The limitations the specific method steps and structural features required by claim 34 and 35 are not anticipated or obviated by the prior art of record, specifically prior art of record fails to disclose or teach a convertible rolling stand which may be converted to one of a four, six or eight high stand as required by claim 34 and prior art of record fails to teach a convertible stand which has a lay out of back-up lugs as claimed in claim 35. For example, JP 63-13603 discloses a convertible stand however the lugs of the intermediate rolls are not offset toward the rolling plane but rather away from the rolling plane and there would be no motivation to reconfigure said lugs and chucks to meet the limitations of the claim. Furthermore the application is allowable for the reasons set forth by Applicant in the remarks filed with the response dated 12/15/2006.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
